

# MANIFESTING A MIRACLE

## STEP 1: What do you want?

What is the burning desire riding on your heart that you wish to accomplish in life?

What simple steps can you personally take to make your "miracle" come true?

What kind of legacy do you want to leave in this lifetime?

## STEP 2: What is my highest truth?

Do you believe in God? A Higher Power? Nothing? What is your belief system around spirituality and/or religion?

What do you Believe to be true about yourself?

What self-talk and mental thoughts and habits consistently control your behavior? Be honest with yourself. Honesty will get you everywhere and unlock doors beyond your imagination.

## STEP 3: Take a Risk.

Are you willing to "move" outside of your comfort zone and walk into the unknown? Spiritually, mentally, emotionally and physically?

Are you willing to take a risk and NOT get the results you desire?

Are you willing to "succeed" by always doing the RIGHT thing in being of service to others?

## Homework Questions

Here are "homework" questions that accompany my video that may assist you in attracting the miracle you desire. Miracles are truly everywhere - but when you are willing to grow and become the best version of you - THAT'S when a miracle is being reflected in your life. The Universe will conspire with you to make your dreams come true, but you also have to do "the work."

God Bless You,  
Angela

#### STEP 4: Heal.

---

Are you willing to heal your life?

Are you willing to dig deep into your subconscious mind and physical body to heal the patterns and belief systems that may be preventing you from becoming the best version of yourself?

Are you willing to forgive that "one" person who has hurt you the most?

#### STEP 5: Physically move your feet.

---

You need to be **willing** to move your feet and feed your inner spirit.

#### STEP 6: Awareness.

---

How often do you notice a miracle happening NOW in your daily life?

Would you recognize a miracle if it appeared?

How would you personally know if a miracle presented itself to you?

What Universal "sign" would you need to realize a miracle is being given to you?

#### STEP 7: Gratitude.

---

MIRACLES happen when you are grateful!

So what are you grateful for in this moment?

What life lessons have you learned that you're the most grateful for?

Who taught them to you?

Are you GRATEFUL toward yourself and what you've encountered to get you where you are today?

Be honest!!

## Class Definition: What is a Miracle?

A miracle is an extra event manifesting Divine intervention in human affairs.

Are you willing to experience a Miraculous event that may change the trajectory of your life in an instant? If so, this virtual online class may be for you.

My intention is that this online class will set you on a path to give you the courage to open your heart and step into the Greatest version of who you are. The process of healing your life may not be easy, but in my experience, it's worth it.

What I do know is: YOU hold the key to your own happiness.

Remember...we have all been dealt a hand in the cards in life - some good and not-so-good - but from this point on, you get to decide how you want to play the game.
